CHECK SHEET

Original and Revised Pages as named below contain all changes from the Original Tariff that are issued on the date hereon.

CANCELLATION OF LOOSE LEAF PAGES

When this tariff is amended by Revised Pages, the cancellation of prior pages, except the Title Page, will be affected by means of this rule. A revised page will not show a cancellation notice except when a cancellation notice is necessary because of suspension, rejection, or other reasons. Revisions of each page will be published and filed in numerical sequence.

Except where a specific cancellation is shown on a new revised page, a revised page cancels any and all uncanceled revised or original pages, or uncanceled portions thereof, which bear the same page number, SEE EXCEPTION. For example, 1st Revised Page 10 will have the effect of cancelling Original Page 10; 45th Revised page 12 will have the effect of cancelling 44th Revised Page 12; 13th Revised Page 4-A will have the effect of cancelling 12th Revised Page 4-A and also 11th Revised Page 4-A if the cancellation of 12th takes place on or before its effective date.

EXCEPTION: When a specific cancellation on a prior revised page excepts a previously filed page wholly or in part, this rule does not have the effect of cancelling such excepted previously filed page or portion thereof.

This tariff cancels and supersedes tariff INRD 9003.

DEFINITIONS

The following are definitions to be used in applying this section:

ACTUAL PLACEMENT is the placement of a car in a position accessible for loading or unloading or at a point designated by the consignor or consignee.

CONSIGNEE is the party to whom the shipment is consigned or the party entitled to receive the shipment.

CONSIGNOR is the party in whose name cars are ordered or the party who furnishes forwarding instructions.

CONSTRUCTIVE PLACEMENT is the holding of the car at destination or at another point when actual placement cannot be made because of a condition attributable to the consignor or consignee. It includes the holding of a car containing an order-notify or in-bond shipment pending satisfaction of delivery requirements.

FORWARDING INSTRUCTIONS are instructions given to this railroad containing all the information necessary to transport the shipment to its final destination.

LEASED TRACK is a track assigned to a user through a written lease and is the same as a private track.

LOADING is the complete or partial loading of a car and the furnishing of forwarding instructions.

LOADED CAR is a car that is completely or partially loaded.

PRIVATE CAR is any car bearing other than railroad reporting marks that is not railroad-controlled.

PRIVATE TRACK is any track that is not owned by this railroad including leased track.

PUBLIC DELIVERY TRACK is a track open to the general public for loading and unloading.

RAILROAD-CONTROLLED CAR is any car bearing other than railroad reporting marks provided directly to a railroad by the car owner for use in serving any of the railroad's customers.

RECONSIGNMENT is as provided in Tariff INRD 8000-series.

RELOADED CAR is a car that is unloaded and then reloaded without having been removed from the consignor's/consignee's premises whether or not a release was given this railroad when the car was empty.

RUN-AROUND is the placement of a recently tendered are before a car tendered earlier for reasons not directly attributable to consignor or consignee.

TIME is the local time at the point where the car is held.

300

NOTICES

A. This railroad will provide notice verbally, electronically or in writing as follows:

1. On cars for public delivery tracks, notice will be given to the affected party when the car is placed.
2. On cars for other than public delivery tracks, notice of constructive placement will be given to the affected party. Delivery of a car upon the tracks of a consignor or consignee will constitute notice except that when two or more parties use the same track, notice will be provided.
3. On cars stopped in transit, notice will be given to the party instructing the stop when the car arrives at the stop point.
4. On refused loaded cars, notice will be given to the consignor.

B. Consignor, consignee or other affected party must furnish this railroad forwarding instructions, empty car release information or other disposition (as applicable) verbally, electronically or in writing. When the device used indicates time and date, such time and date will govern.

SECTION 1 - DEMURRAGE

ITEM

APPLICATION

400

CARS HELD FOR LOADING

On a car held for loading, the number of demurrage days shall be the number of twenty-four (24) hour periods (including fractional periods) between the events described below:

1. On a public delivery track, BETWEEN the first 12:00 midnight following notice to the consignor that the car has been placed or 12:00 midnight on the day for which the car was ordered to be placed, whichever is later, AND the time this railroad receives forwarding instructions (see Exception 1).
2. On a private track switched by the consignor, BETWEEN the first 12:00 midnight following actual placement on the interchange OR the first 12:00 midnight following notice of constructive placement if actual placement cannot be accomplished OR 12:00 midnight on the day for which the car was ordered to be placed, if later, AND the time this railroad receives forwarding instructions following return of the car to the interchange (See Exceptions 1 and 2).
3. On a private track switched by this railroad, BETWEEN the first 12:00 midnight following actual placement OR the first 12:00 midnight following notice of constructive placement if actual placement cannot be accomplished, OR 12:00 midnight on the day for which the car was ordered, if later, AND the time this railroad receives forwarding instructions (See Exceptions 1, 2 and 3).

EXCEPTION 1 - If a car is found at origin to be improperly loaded or overloaded, demurrage days shall continue to accumulate until the load has been corrected.

EXCEPTION 2 - On reloaded cars, time will be computed from the first 12:00 midnight following notice to this railroad that the car is empty and such notice shall be considered a release of the empty car. Where such notice is not given, the car will be considered an empty car held for loading for the entire time and no credits (see Items 700 and 705) will be given for release of an empty car.

500

CARS HELD FOR COMPLETE UNLOADING

On a car held for complete unloading, the number of demurrage days shall be the number of twenty-four (24) hour periods (including fractional periods) between the events described below:

1. On a public delivery track, BETWEEN the first 12:00 midnight following notice to the consignee that the car has been placed AND the time this railroad receives notice from the consignee that the car is empty and available.
2. On a private track switched by the consignee, BETWEEN the first 12:00 midnight following actual placement on the interchange OR the first 12:00 midnight following notice of constructive placement if actual placement cannot be accomplished AND the time this railroad receives notice from the consignee that the car is empty and available on the interchange (see Exceptions 1 and 2).
3. On a private track switched by this railroad, BETWEEN the first 12:00 midnight following actual placement OR the first 12:00 midnight following constructive placement if actual placement cannot be accomplished AND the time this railroad receives notice that the car is empty and available (see Exceptions 1, 2 and 3).

EXCEPTION 1 - When, because of congestion at destination, a car is held on constructive placement at a point short of destination and instructions to place the car for unloading are given by the consignee, the accrual of demurrage days shall be suspended the first 12:00 midnight following receipt of such instructions and shall resume at the first 12:00 midnight following placement for unloading. If actual placement cannot be made when the car is tendered upon arrival at destination, this suspension in accrual will not be allowed.

EXCEPTION 2 - On reloaded cars, accrual of demurrage days on the inbound loaded car shall cease when notice is given to this railroad that the car is empty. Where such notice is not given, the car will be considered an empty car held for loading (see Item 400) for the entire time and no credits (see Items 700 and 705) will be given for release of an empty car.

CLAIMS

Claims for relief from demurrage charges based on the following conditions may be sent to the Transportation Center issuing the demurrage bill. Such claims must be in writing stating fully the conditions for which relief is claimed, identifying affected cars by number and must be received by the last day of the calendar month following the month in which the bill was issued. Claims may be filed only for the following reasons:

1. If through this railroad's error, improper charges are assessed, such charges will be corrected. (Run-around and bunching will not be considered railroad error and no allowance will be made).
2. When the operations of a consignor or consignee are disrupted by floods, earthquakes, hurricanes or tornadoes or conditions directly resulting therefrom and it is impossible to get to a car or to load or unload and such disruption exceeds two days, any demurrage charges directly attributable thereto will be adjusted.
3. When because of strike interference at the point at which loading or unloading is to take place and such interference is for a period of more than ten (10) days in a calendar month, chargeable demurrage days accruing during such period will be assessed \$15.00 per day except this provision will not apply to inbound cars waybilled four (4) or more days after such interference begins not to cars ordered for loading during such interference.
